Each week you will be able to select your programming from a range of offerings that include engineering, games, science, cooking, robotics, arts, dance, basketball and more! Some of the programs are full day, others are half day. If it is a typical camp experience you want, there are programs that offer that as well and, of course, swimming is offered. The Summer Programs have offerings for rising Kindergarteners through rising 9th graders and older. 'Rising' indicates that your child will be going into that grade in the 2017/18 school year.
